

All about letters

(Letter Formation & Phonological Awareness Group)

Does your child have difficulty with forming letters correctly? Does your child struggle with identifying letters and spelling words?

All About Letters is a small group program that uses a variety of fun and energizing activities to develop children's letter formations and phonological awareness which is the basis for reading, writing and spelling.

The group will target the following common areas:

- Letter formations
- Identifying sounds
- Spelling words

Your child will benefit from attending the group program during the holiday period as they will not have the additional homework and frustrations of school to manage at the same time. This will allow your child to focus solely on the aim of improving writing and literacy skills.

24th 26th Sept
1st 3rd October
11.30am – 12.30pm
