

Handwriting Club

School Years 3-6

Our 6 x 60 minute BOOSTER WORKSHOPS will motivate and challenge your child into enjoying handwriting!

Handwriting Club is a small group program with a difference. The group uses a range of stimulating activities from cooking and science experiments to pirate treasure hunts and circus tricks to engage children.

The group will target the following common areas of handwriting:

- Pencil grasp and fluency
- Posture and upper body strength
- Letter formations (or letter joins for older children)
- Writing legibility (size of letters, spacing and alignment)

Your child will benefit from attending the group program during the holiday period as they will not have the additional homework and frustrations of school to manage at the same time. This will allow your child to focus solely on the aim of improving handwriting skills.

23rd 24th 24th 30th
September

1st 2nd October

2.00 – 3.00pm

Can be claimed through health funds
